devo@studentsforlife.org

In order to accept contributions to fund our life-saving work, Students for Life of America (SFLA) was incorporated as a non-profit organization in 1987. SFLA is the only national pro-life organization dedicated to equipping pro-life youth. We operate entirely on donations. 100% of your investment to Students for Life of America will fund our work starting and training pro-life student groups.

Thank you for your support of the Pro-Life Generation!
