THADDEUS STEVENS HIGH SCHOOL FELLOWSHIP

The *Thaddeus Stevens Fellowship* is designed to train top pro-life high school students to be leaders at their schools. This program equips Stevens Fellows to transform not only their high schools, but their colleges and communities later down the road.

Project requirement: Lead one event in each of the Five Pillars of Pro-Life Activism.

WILLIAM WILBERFORCE COLLEGIATE FELLOWSHIP

This Fellowship, named after a history-making 1700s abolitionist, is geared towards pro-life college students who envision a post-graduate career in the pro-life movement.

Project requirement: Lead a project that impacts your campus or community by employing the leadership skills you learn from participation in the fellowship.

CHRISTIAN LEADERSHIP FELLOWSHIP

The *Christian Leadership Fellowship* is offered exclusively to student leaders at Christian and Catholic colleges. It is a chance for students of faith to devise strategies, share experiences, and address the unique challenges that often come with leading a *Students for Life* group on a religiously affiliated campus.

Project requirement: Each fellow is required to work with your campus group to execute one event in each of the Five Pillars and to lead a project that impacts your campus or community.

INVICTUS MEN'S FELLOWSHIP

There is a need in the pro-life movement for strong pro-life men! The *Invictus Men's Fellowship* builds up strong, pro-life, male leaders to compliment a female-driven movement that will help abolish abortion. With a year of mentorship and collaboration, male, pro-life students in college and graduate schools will become the confident leaders they are called to be.

Project requirement: Each fellow is expected to complete a project that impacts their campus or community as well as fulfills a personal interest.

HILDEGARD ART FELLOWSHIP

Are you a pro-life artist? The *Hildegard Art Fellowship* is for you! This Fellowship brings the performing and visual arts together with the pro-life movement – the ultimate collaboration. The *Hildegard Fellowship* is about engaging young artists to use their artistry to change hearts and minds on abortion.

Project requirement: A performance project that spreads the message of the pro-life movement.

STANDING WITH YOU FELLOWSHIP

The *Standing With You Fellowship* is offered exclusively to student leaders in college who are interested in becoming an expert in supportive service leadership. It is a chance for students to dive into what their campus and community needs to better support women, and create a culture for pregnant and parenting students to thrive in their educational and career goals.

Project requirement: Lead a policy change project to improve your campus' support of pregnant and parenting students.

MILDRED JEFFERSON MED & LAW

This Fellowship is for medical and law students to connect over the summer and receive mentorship from a professional in their field.
