

Is your group ready for a POST-ROE AMERICA?

Dobbs v. Jackson is the Mississippi case that was heard by the Supreme Court of the United States this past fall. This case may reverse *Roe v. Wade* and send the abortion issue back to the states. Currently, 12 states have pro-life trigger laws that would make abortion illegal automatically. That leaves the rest of the states. When *Roe* is reversed, we will still have a lot of hard work to do.

Here is what you can do to be prepared to save lives, support women and families, decrease the demand for abortion and be equipped for when *Roe* is reversed.

- Become an advocate with *Standing With You* (SWY) to ensure that your campus is friendly to pregnant and parenting students. Visit this website to join SWY: StandingWithYou.org/StudentAdvocate
- Make sure your group has a relationship with local Pregnancy Help Centers.
- Host Students for Life of America's *No Woman Stands Alone...In a Post-Roe America Spring Tour*. Contact your Regional Coordinator to schedule this amazing event.
- Join our *Campaign for Abortion Free Cities* at AbortionFreeCities.org to help eradicate abortion one city at a time by promoting loving and life affirming resources.
- Join Students for Life HQ for training videos, resources, and opportunities to grow as a pro-life leader. Check out StudentsforLifeHQ.com.
- Apply for one of Students for Life of America's Leadership Programs at StudentsforLife.org/Leadership.
- Roe* is going to be reversed. If it's reversed this year, then we'll be sprinting to abolish abortion state by state. This is a pivotal time for the pro-life movement, and it's a pivotal time to engage in public policy fights on behalf of the preborn. It's crucial you join our fight to protect life in law at StudentsforLifeAction.org/Get-Involved.
- Are you graduating and want to focus your energies on fighting for Life fulltime? Students for Life of America is hiring! Review and apply for open positions with SFLA and other major prolife organizations at ProLifeFuture.org/Jobs
- To recruit more members to the Pro-Life Generation, request an Event-in-a-Box (EIB) from Students for Life of America (SFLA). Each box contains the materials necessary to host an event on your campus! Request your EIB here: StudentsforLifeHQ.com/EventInABox
- To prepare to change hearts and minds for Life and have conversations with pro-life displays, request a training and tabletop with your Regional Coordinator. To request a tabletop, go to: StudentsforLifeHQ.com/Table. To request a training, go to: StudentsforLifeHQ.com/FreeTraining
- Help fight the new frontier of the abortion battle, Chemical Abortion. The abortion industry is decreasing regulations for Chemical Abortion which allows them to mail women dangerous and deadly abortion pills. Watch our *This Is Chemical Abortion* (TICA) docu-series at ThisIsChemicalAbortion.com. We have a TICA EIB which can be requested on the EIB Request Page.
- Join Student Government at your school. Women on your campus are the main targets of the predatory abortion industry. They're also the people you may have the greatest opportunity to help. Pregnant and parenting students should have resources, and they should know what those resources are. You can be their advocate as a member of your campus's Student Government. Contact Titus Folks at tfolks@studentsforlife.org to get started!
